The Letcher Fiscal Court al-  
lowed the sum of \$1,000 for the  
benefit of the county highway  
leading from the corporate limits

fine shape those who travel over  
it tell us. We understand that  
considerable work is going on

also on the Virginia side beyond  
the gap.

There are men who slip in this

## John Holmes Disappears

Nearly two weeks ago John  
Holmes, aged thirty-eight, a mar-  
ried man residing with his family  
at Hemphill on Boones fork, was  
called to his gate just after dark  
and summoned to appear at  
Whitesburg as a witness in some  
case next day. Early the following  
morning he left his home and was  
seen at Neon getting in a car  
and starting to the railroad sta-  
tion where he would buy a  
ticket for the county seat. This  
was the last seen of him. His  
wife, who is a daughter of Charlie  
McCray, of Rockhouse, and other  
friends have gone to every  
known means to find him but  
without success. Mrs. Holmes  
believes he has been abducted for  
some purpose or has been foully  
used. No known official seems  
to have gone to his home on the  
night before his disappearance

and his wife thinks that the men  
who called at his home did so to  
get him in their possession. Mrs.  
Holmes offers to pay a reasonable  
reward for information leading  
to his whereabouts or recovery.

## Business

Numbers of good business men  
in various sections of the country  
assert that the corner toward  
business prosperity has been defi-  
nitely turned and that fundamental  
conditions indicate substantial  
business improvement. We trust it is so.  
We have been a long time reaching the turn of  
the corner or the ebb of depression  
and we trust that everyone will  
strive to reach that coveted  
point so often referred to as  
normalcy.

On second Saturday and Sun-  
day in August memorial services

will remain in the harness

## 5,000 NEW MEMBERS FOR THE KYVA ROAD

For the purpose of adding  
5,000 new members to the Ken-  
tucky-Virginia Road Association,  
the organization launched a cam-  
paign the first of this week to aid  
in boosting the Kyva Road, rout-  
ed over State Primary project  
No. 4, leading from Lexington to  
the Virginia line, on the eastern  
border of Letcher county.

By united and concerted efforts  
this great highway can be made  
a certainty. The good motto of  
old Kentucky would be a good  
slogan for the citizens of the  
counties along the routing to  
adopt: "United We Stand, Di-  
vided We Fall."

A wedding that has just come  
to light was solemnized July 17

will accept a charge of work sim-  
ilar to that conducted here. For  
two or three years Rev. Scott has

churches in the county. In these  
years they have tied themselves  
to our people in a way that will  
make them long remembered and  
loved. Whitesburg drops a tear  
at their departure and bids them

## Welfare League Organized

### Other Important Doings

Written by Mrs. O. W. Danner

At the Courthouse Tuesday under the supervision of Miss Florence Hauswald, employee and Field Worker of the State Board of Health an interesting meeting was held.

After the meeting was called to order Dr. Lock of Louisville, gave an interesting lecture. The purpose of the meeting was to arrange a Health and Welfare League for Letcher county, and to arrange for a nurse to be sent to the county by the State Board of Health. Dr. Lock is a member of the State Board of Health and widely known in Kentucky. His lecture was greatly enjoyed by a number of enthusiastic town folk. Some of the thoughts beautifully and clearly set out by Dr. Lock in his lecture were:

"What does health mean to us and how vitally important it is to have good health, to be at your very best all the time and give the very best that is in you? It means everything. Health is God's great gift and with a well balanced diet, cleanliness and wholesome food and sleep anyone may keep God's gift."

Habit Forming—We know how easily habits are formed, among the most common being Coffee, Coca Cola, Aspirin and perhaps the greatest and most destructive of all Whiskey. With a little self-will they can all be overcome.

The necessity of teaching the little tots at school the habit of personal cleanliness.

Clean Hands and Nails—Have you heard the old familiar saying don't scratch and break the skin, that the nails are poison? Do you think we would have been placed here to carry around with us poison, like the fangs of the

serpent? No. The poison comes from the material collected under the nails, that transmits the poison into our system.

Care of the Teeth—How necessary that they should be well kept. All the food that passes into our body is thru the mouth, and everyone wants that food to be as clean and nourishing as possible; so of course this passage should be kept clean.

Night Air—When we sleep we gain strength that has gone from our bodies during the working hours of the day, and that should be the best possible under the most favorable conditions; the greatest help of all and the best doctor is good, fresh, pure wholesome air.

Many anxious fathers and mothers are thankful that the summer is this near over, because of "babies' second summer" when there should be no more fear during the second summer, than during the 1, 3, 4, 5, 6th. Then where does the danger come? Have you thought that baby is just the right age to pick things from the floor in its crawling here and there, and that baby thinks all things go to the mouth? The germs in the dust gathered on the tiny hands then through the mouth disturb the sensitive little stomach and the battle is to be fought between life and death.

Then last but by no means less important is the treacherous dis-

## ASPIRIN

Say "Bayer" and Insist!

Toothache

Earache

Headache

Lumbago

ease, tuberculosis commonly known as consumption. We know how many people die every year from its ill effects, and if they were only cared for in time 7 to 8 cases out of every 10 would get well, and it isn't necessary to go to Texas, Mexico, Arizona or the Western States. It has been and can be cured right here in your own home. It is true the high States are good, but being there alone where everyone you meet has the same tale of woe, and all the advantages out there would not overbalance the kind treatment from the homefolks and friends who are interested in your improvement every day. So why not stay at home and with the advice of a good competent nurse and under the supervision of one of the good local doctors, win the battle over those millions of little germs working in your breast? Rest, good food, fresh pure air, and a doctor, with the advice of a nurse is all one needs to fight the tuberculosis battle and win.

Don't you agree, Letcher County needs a good competent nurse and how can she be gotten? By your subscribing to this Health and welfare League at \$1.00 a year, then you and your family stand under her protection. All the county will be united, all working for the good of all, and become one great family."

At the close of the doctors lec-

ture the meeting was turned over to Mr. R. Monroe Fields Chairman. It was voted that an organization be effected and the following capable officers were elected: Mr. Henry Pfening, Seco, President, Dr. Bach, Whitesburg, 1st Vice Pres. Mr. Vaughn; Dalna, 2nd Vice Pres. Mrs. J. G. Gault Secretary and Treasurer.

Funds will be raised by League membership and donations for the support of the nurse. Public spirit and interest was manifested by the following response and donations.

Rev. Simpson, Dr. Pigman, Dr. Bach and others gave short talks in behalf of the cause. Mr. Burton, from the Consolidated Coal Co., expressed their interest and willingness to help. Mr. Vaughn for Amburgey Coal Co. gave \$60 per year and \$120 per year for Consolidated Fuel Co. Dr. B. F. Wright, representing South-East Coal Co, made a donation for the

company of \$120 per year. Now it is up to the citizens to get interested and get the nurse for the protection of all.

John Miles fell into a coal chute here and was completely covered up with coal. He was rescued badly bruised and scared.

### TO OUR CUSTOMERS

For your benefit and to save us time and you money we have decided to do a STRICTLY CASH BUSINESS BEGINNING AUGUST 4, 1922. By so doing we can save clerk hire and sell goods at much lower prices, thus giving you the benefit of the money we would have to pay for clerk hire and bookkeeping. It is not good for our customers or ourselves to extend too much credit. However we wish to say that the most of you have always paid your bills promptly, for which we thank you. We hope you will appreciate the great saving to be had in this new business rule and promise to treat everyone alike and be as courteous in the future as we have in the past. Thanking you for past patronage and soliciting a continuance of same we remain, Very respectfully,

### Buick Takes Care of Buick Owners

Buick responsibility does not end with the sale of a Buick car. It follows the car throughout its entire life.

That is why Buick has organized a nationwide authorized Buick service that extends to practically every city, town and village in the United States.

Buick owners do not need service often. But they have the comfortable feeling of knowing that they can always be supplied with genuine Buick parts and have their work done by Buick-trained mechanics wherever they may happen to be.
